

POST-SURVEY QUESTIONNAIRE

This questionnaire asks about your experience with the developed Cloud-Based Inventory and Financial Management System. Your responses will be used for academic research on the system's acceptability. Responses will be handled confidentially and reported in summary form. Please do not write your name or account credentials on this questionnaire.

Instructions

For each statement, mark one response that best reflects your experience using the system. Mark N/A only when you have not had an opportunity to use or observe the feature described. N/A is not a rating and will be excluded from rating averages. Please answer based on the system developed for this study.

RQ3 Alignment Matrix

Researcher-facing validation table linking each survey item to the criterion it measures and the data it produces.

No.	Survey Question	RQ	Construct/Indicator	Data Produced	How It Answers the RQ
Q1	The system reduces reliance on separate tools to keep inventory and sales records.	RQ3	Cost-effectiveness	5-point agreement rating (or N/A)	Rates perceived reduction in duplicated recordkeeping tools as evidence of cost-effectiveness.
Q2	The system reduces the effort I spend maintaining routine business records.	RQ3	Cost-effectiveness	5-point agreement rating (or N/A)	Rates perceived effort savings in routine recordkeeping as a resource-related acceptability indicator.
Q3	The benefits of the system justify the resources required to use it.	RQ3	Cost-effectiveness	5-point agreement rating (or N/A)	Rates perceived benefits relative to the resources needed to use the system.
Q4	The system retains the records I submit without losing or changing them unexpectedly.	RQ3	System reliability	5-point agreement rating (or N/A)	Rates the perceived accuracy and retention of submitted records.
Q5	Updates to inventory and sales records appear consistently across stores I am authorized to access.	RQ3	System reliability	5-point agreement rating (or N/A)	Rates consistency of synchronized records across the respondent's authorized stores.
Q6	The system is available when I need to perform my assigned tasks.	RQ3	System reliability	5-point agreement rating (or N/A)	Rates system availability during assigned work.
Q7	I can complete my assigned sales or inventory tasks in fewer steps using the system.	RQ3	Operational efficiency	5-point agreement rating (or N/A)	Rates efficiency of completing assigned sales or inventory tasks.
